

# Action Technology SERVICES

## CAPABILITIES

**Action Technology Services** is an innovation leader in DevOps Audio Visual (AV) Information Systems Design and Software Development. Our Team has designed, integrated and programmed over 300 AV Systems in Department of Defense and Federal Command & Control Facilities at the Secret & Top-Secret level. **Our breakthrough software first approach is proven to reduce AV software integration costs & schedule by 30% - 70%** over industry standard AV software design & integration methods.

For 65+ years, the seasoned leadership team of Action Tech successfully supported customers such as Army Commands and Program Executive Offices (PEOs) with specialized project management staffing, IT & Cybersecurity subject matter expert staffing services. Action Tech leverages a wide scope of OEM relationships to ensure our designs leverage "Best Commercial Practices", provide the best value to our customers and simplify follow on O&M and Sustainment activities.

## Why Choose Action Tech?

- ✓ **Our customer focused, DevOps** approach to Audio Visual Information Systems design is unique to the industry. Where current AV Industry design trends focus on how AV systems look, our approach focuses on how the AV system **maximizes the user experience and mission productivity.**
- ✓ **Cybersecurity Maturity Model Certification (CMMC) Specialists.** Action Tech made early investments in CMMC expertise to quickly improve our client's CMMC compliance and reduce their costs to achieve CMMC certification.
- ✓ The Action Tech Leadership team has designed the IT Infrastructure for dozens of Command & Control (C2) facilities and SCIFs within Combatant Commands located in Europe, CONUS & South Korea.

## CONTACT INFORMATION

**Robert M. Wellborn, DAWIA Level III Project Management & Systems Engineering Certified CEO**

(520) 508-7507

## SERVICES

- ✓ **On-Site Project Management & Technical Support**
  - Project Managers
  - IT Subject Matter Experts
  - Financial Analysts
  - Cybersecurity Specialists
  - TIER I-III IT Helpdesk
  - IT Systems Engineers
  - Network & Data Center Admins & Technicians
- ✓ **AV System Technical Support**
  - AV Customer Requirements Development
  - AV Engineering Services
  - AV DevOps Software Architecture Development
  - AV Programming
  - AV On-Site Operations & Sustainment
  - AV Project Management & Software Architecture
  - AV Independent Verification & Validation (IV&V)
- ✓ **Wireless Mobility System Design & Integration**
- ✓ **IT Hardware & Software Procurement & Integration Services**

## PAST PERFORMANCE

## CORPORATE SNAPSHOT

- ✓ **DUNS:** 117109600, **CAGE Code:** 8CHV7
- ✓ **Primary NAICS:** 541512 (Computer Systems Design Services)
- ✓ **Additional NAICS:** 541330, 541511, 541513, 541519, 541611, 541990, 518210 & 611420
- ✓ **Service-Disabled, Veteran Owned Small Business**
- ✓ **Located in Sierra Vista, AZ just outside Fort Huachuca**
- ✓ **AZ SBA POC:** Shivani.Dubey@sba.gov

## Simplified Acquisition Threshold Products & Services

**DUNS: 8CHV7**  
**CAGE: 117109600**

### Company Information

Action Technology Services, LLC  
CEO: Robert M. Wellborn  
Email: [robwellborn@actiontechus.com](mailto:robwellborn@actiontechus.com)  
Phone: +1 (520) 508-7507  
[www.actiontechus.com](http://www.actiontechus.com)  
We accept EFT & Govt Purchase Card

### Under \$750,000

- ✓ **On-Site Project Management & Technical Support**
  - Program & Project Management Specialists
  - Systems Analysts
  - ITIL, CMMI, 6 Sigma Specialists
  - Financial Analysts
  - Logisticians
  - Systems Engineers
  - IT Subject Matter Experts
  - Cybersecurity & RMF Specialists
  - TIER I-III IT Helpdesk
  - IT Systems Engineers
  - Network & Data Center Admins & Technicians
- ✓ **IT Hardware & Software Procurement & Integration**
- ✓ **Medium & Large Conference Room Design/Build**
- ✓ **Wireless LAN Design/Build**

*Contracting Officers can use the Simplified Acquisition Threshold to acquire supplies and services for government customers*

### Under \$20,000

- ✓ **Project Management & Technical Consulting**
  - Program & Project Management
  - ITIL, CMMI, 6 Sigma Analysis
  - Systems Engineering Analysis
  - IT Subject Matter Expert Analysis
  - Risk Management Framework Analysis
  - Audio/Visual Information System Analysis
- ✓ **IT Hardware & Software Procurement & Integration**
- ✓ **Small Conference Room Design/Build**

### Under \$250,000

- ✓ **On-Site Project Management & Technical Support**
  - Program & Project Management Specialists
  - Systems Analysts
  - ITIL, CMMI, 6 Sigma Specialists
  - Financial Analysts
  - Logisticians
  - Systems Engineers
  - IT Subject Matter Experts
  - Cybersecurity & RMF Specialists
  - TIER I-III IT Helpdesk
  - IT Systems Engineers
  - Network & Data Center Admins & Technicians
- ✓ **IT Hardware & Software Procurement & Integration**
- ✓ **Medium & Large Conference Room Design/Build**
- ✓ **Wireless LAN Design/Build**

*Government Agencies can use a Government Purchase Card to make micro purchases and acquire supplies and services*

### Under \$10,000

- ✓ **IT Hardware & Software Procurement & Integration**
- ✓ **Micro Conference Room Design/Build**
